MEMORANDUM FOR: Deputy Director for Science and Technology

25X1A9a

THROUGH : Mr. [REDACTED], DDS&T/Intelligence
Liaison Officer

SUBJECT : Invitation to Address the Chiefs of Station
Seminar No. 3-68

1. As noted in the attached schedule, your session occurs on Wednesday, 10 April 1968, from 1200 - 1300 hours, in the Headquarters Building, Room 6E60, on the subject, "Science and the COS." It would be useful if you could share with the class your thinking concerning both the role of the agent-handling case officers in the Space Age, and the role of the COS, DCOS, and COB in helping generate new applications for technology in the collection of intelligence. It is assumed that your conference Room 6E60 will be available at this time.

2. As you can see from the attached student roster, there are eighteen students presently enrolled in the course, representing four Clandestine Services area divisions and Technical Services Division. The grades of the officers range from GS-13 to GS-16.

3. We invite you to call upon the resources of the Office of Training for any assistance you need in preparing or supporting your talk. In this regard, please contact the Chief Instructor, Mr. [REDACTED], on extension 3396.
